SERIAL NO 1

Sir,

I have the honour to acknowledge receipt of Government order No 10593 Ed 258 dated 1st instant with reference to my letter no 204 dated 10 February 1898 intimating the Starting of the teaching of Geology the B A class of the Central College and the entertainment of Mr M Sriniwasa Rao MB CM MSc as Teacher of both Biology and Geology pending the arrival of the Head Geology Assistant who the Geolog

Teaching

2

With reference to para 3 of Government Order inviting my attention to Government Order No 3868-9 dated 23 September 1897 Mus 736 in which it is stated that Mr Sriramulu's pay is fixed at Rs 200/ rising to Rs 250/- after three years approved service from the date of his first appointment - 12 December 1896 as "Chemical Examiner and Bacteriologist" (also for all duties) and to Rs 300/ after further approved service of three years I have the honour to point out first - that there need be no difficulty in connexion with my request as that order could only have reference to his medical duties and was passed in connexion with the Medical Establishment of the State

Second - that his work here in

in the teaching of Geology to outside and in addition to his work in connexion with the Medical Establishment and he could not possibly be asked by to perform his duties here by the Senior Surgeon

Third - That his special qualifications for the work led me to ask the Senior Surgeon whether as a favour he could be spared to do this work and on my proposition being favourably received by Dr Benson I had thereafter a talk with the Dewan Sir K Seshadri Iyer on the subject in the presence of Dr Evans from the whole tenor of which I was led to understand that this special employment would as a matter of course give him additional pay but no figures were mentioned at that time

I

5 I discussed the matter Viva Voce
with Dr Benson as to what would
be a fair remuneration for this
Special work and we both considered
that Rs 200/- would be only fair
the circumstances

Had I imagined that there
would be any difficulty about this
matter I should never have made
the proposal to employ Srinivasan
or even to start ~~the~~ Geology for the
B.A classes as the initiation of
any new Branch cannot be done
without a deal of extra trouble on
my part which I am sorry that
I should have taken if it does not
meet the wishes of the Government
but the Diwan Sir K Seshadri Iyer
in his memo of which a copy
was sent to me expressly
that the teaching of
should be at

of the starting of a new Branch for the B a degree Examination (such as History) at Mysore Cost the Government at least three times as much monthly Emolument as the Branch Geology is by my proposal to cost I am sorry there should be any unwillingness on the part of the Government to sanction my proposal

I have the honour to be
Sir
Your most Obedient Servant
